

Founded in California in 2009, **the Health Alliance for Violence Intervention (the HAVI)** is the anchor organization gathering the most seasoned and successful **hospital-based violence intervention programs (HVIPs)**. The HAVI strives to share best practices, conduct research, influence policy, and support the expansion of this model across communities most impacted by violence.

Our Mission: To heal communities affected by violence, the Health Alliance for Violence Intervention (HAVI) fosters hospital and community collaborations to advance equitable, trauma-informed care and violence intervention and prevention programs.

OUR REACH

- HAVI supports 85+ cities, building hospital-based/hospital-linked programs nationally
- The HAVI's membership is comprised of 40+ hospital-community partnerships.

Provides **Training and Technical Assistance** to our 45+ communities seeking to grow HVIPs

Research and Evaluation Working Group convenes leading researchers across the country

Develops Policy at the State and Federal level

The **Annual HAVI National Conference** convenes a national group of cross-sector stakeholders to share innovative and best practices, lessons from the field, research, healing equity, and community partnerships to bring this powerful work to scale.

WHAT THE HAVI DOES

The HAVI strives to share best practices, conduct research, influence policy, and support the expansion of this model across communities most impacted by violence.

Maintains a Variety of Working Groups aimed at developing specific areas of hospital-based violence intervention programs (i.e. Empowering Frontline Workers, Mental Health, Policy, Research and Evaluation, and Workforce Development).

OUR PROJECTED GROWTH

In over a decade, the HAVI has experienced extraordinary growth. Due to the support of public and private institutions, and the consequential expansion of our team, our impact has, and continues to, expand across the country.
